PORTO LIVER MEETING

EXTRA-HEPATIC INVOLVEMENT IN CHRONIC LIVER DISEASES | MONOTHEMATIC CONFERENCE

Hosts and Chairmen´s:

Helena P Miranda _ Porto | Pierre Emmanuel Rautou _ Paris

8:00 | Registry
8:30 | Opening ceremony

Brain: looking beyond

8:40 | Minimal hepatic encephalopathy: how to diagnose, which impact, how to manage - Manuel Romero-Gomez, Sevilla
9:00 | Overt hepatic encephalopathy: most common causes, current and future treatment strategies - Debbie L Shawcross, London
9:20 | Other neurologic complications beyond hepatic encephalopathy: hepatocerebral degeneration, Wernicke encephalopathy and others – the role of the neuroradiologist - Pedro Pinto, Porto
9:40 | Clinical Case and discussion - Marina Magalhães, Porto

Pulmonary manifestations: from pathophysiology to supportive treatment and liver transplantation

10:00 | Hepatopulmonary syndrome - Isabelle Colle, Aalst
10:20 | Portopulmonary hypertension - Rodrigo Liberal, Porto
10:40 | Hydrothorax - Olivier Roux – Paris
11:00 | Clinical Case and discussion - Filipe Andrade, Porto
11:20 | Coffee-break

Miscellanea

12:00 | Beta-blockers for portal hypertension: where do we stand? - Jonel Trebicka, Bonn
12:20 | Iron, chronic liver disease and inflammation: looking beyond the liver - Elena Corradini, Modena
12:40 | Infection in cirrhosis. Empirical, specific and special treatments for this particular set of patients? - Paula Peixe, Lisbon
13:00 | Clinical Case and discussion - Diana Valadares, Porto
13:20 | Lunch

Factors associated/ inducing decompensation in cirrhosis

14:20 | Changing the paradigm: shall cirrhosis be really seen as a pro- thrombotic condition? - Armando Tripodi, Milan
14:40 | Portal vein thrombosis: shall we screen? Shall we treat? - Juan Carlos Garcia Pagan, Barcelona
15:00 | Extrasplanchnic vein thrombosis – are patients with cirrhosis at risk? From prophylactic measures to specific treatments - Filipe Nery, Porto
14:20 | Clinical Case and discussion - Carlos Noronha, Lisbon

Hepatitis C

15:40 | Cryoglobulinemia and systemic repercussion - Patrice Cacoub, Paris
16:00 | Immunological manifestations beyond cryoglobulinemia - António Marinho, Porto
16:20 | DAAs for chronic hepatitis C with and without extrahepatic involvement: same options, same lengths, same responses? - Marina Berenguer, Valencia
16:40 | Clinical Case and discussion - Raquel Faria, Porto
17:00 | **Closing ceremony**
